## Presidential Message

### Dear colleagues and clinic owners:

Dear Colleagues and clinic owners;

As I look back over the past years serving on the Board of Examiners has been challenging and also rewarding. If you have never served on the Board, you should invest your time and finances into your profession by serving on the Board or attending the open meetings of the Board. Dr. Gerald Collins and myself will be stepping down from the Board on December 31, 2014. We will be replaced by two of our colleagues from our separate Congressional Districts.

I wish the new Board members well. May you serve your profes-

sion and the citizens of Alabama.

We all are learning new items online that have improved our renewal process. Who says you can't teach an old dog new tricks.

Happy New Year to all. To the Board staff I bid farewell and thanks for all you do for each of us.

Larry Heaton, DC  
President ASBCE

## NOTICE

### 2014-15 NON RENEW LIST

Please see pages 5-6 for a list of licensees / clinic owners who did not complete the renewal process.

If you are on the list and continue to practice after January 1 you are practicing without a license and in violation of the Alabama Chiropractic Practice Act and the Chiropractic Rules and Regulations.

## GE CareCredit Ordered to Refund Fees Due to Deceptive Credit Card Enrollment

**In December 2013 the Consumer Financial Protection Bureau ordered GE Capital Retail Bank and its subsidiary Care Credit to refund up to \$34.1 million to potentially more than 1 million consumers. Doctors' and dentists' offices around the country signed up consumers for Care Credit credit cards they thought were interest free, but were actually accruing interest that was added to the balance owed if the full balance was not paid at the end of a promotional period.**

**Please be extremely careful to ensure that the patient is fully aware of all aspects of the contract if utilizing this payment plan or any pre payment plan.**

**The Board has seen a significant increase in complaints the past few years relating to pre payment plans.**

## Massage Therapy May be Done By.....

There has been some confusion concerning massage therapy being provided at a Chiropractic clinic. A Chiropractor (DC) may perform massage therapy, a licensed massage therapist (LMT) may perform massage therapy, and a non-licensed person may not. Below are the simple guidelines that may affect your practice.

*Two licenses are required by the Board of Massage Therapy to offer massage.*

1. The therapist must hold a current Massage Therapist License issued by the Alabama Board of Massage Therapy.
2. The establishment (clinic and outcall business) must hold an establishment license issued by the Board of Massage Therapy, **UNLESS** the clinic is owned/operated by a DC, then they are exempt from the establishment licensure requirement.

The Board of Massage Therapy conducts periodic unannounced inspections at all locations that offer massage to ensure the therapists and establishment are properly licensed. These inspections are not designed to be punitive. Instead, they are designed to ensure that only properly licensed, trained and insured persons offer massage.

A non-licensed person may not perform massage “under the DC’s license”. Massage therapy students are not authorized to perform “clinical” or “on the job training” except under the direct supervision of the school which they are enrolled in. No school will authorize a student to work at a Chiropractic office to perform massage therapy prior to graduation. To work in a DC office they must first obtain the required State MT License.

Massage Therapy students must pass a “national examination” prior to obtaining a license issued by the State of Alabama.

**\*\*Print Your 2014-15 Renewal Card\*\***

After you have completed your online renewal and waited 7 days you can log back in to print your renewal card. The Board no longer keeps a copy of your card. When the insurance companies are attempting to re-credential you in 2015 this is the card you will need to provide them. The card is a PDF so it can also be saved to a computer in your office for reprinting or emailing.

**Massage Therapy License Must Be Displayed**

Per Massage Therapy Board Rule **532-X-3-.03 Application And License** *Each licensed massage therapist and massage therapy instructor shall publicly display his or her license.* If you have a massage therapist in your office please ensure the license is displayed. Also, the Board recommends you check periodically the expiration date on the license to ensure that the therapist has a current license.

**Citizenship Documentation Request**

Per Section Sixteen of the Immigration Act – Citizenship and Legal Presence of Professional Licensees each person who receives a professional license from a board/commission must demonstrate that they are either a United States Citizen or legally present in the United States. The Board recently requested each licensee / permit holder submit verification to the Board to comply with this Act. If you have not yet submitted your documentation to the Board office please do so as soon as possible.

If this documentation is not received prior to the 2015-16 Online Renewal Applications opening you will not be able to login to renew until acceptable documentation is received.

As of December 30 we still haven't received the required documentation from 254 licensees and 28 Non Licensed Clinic Owners.

# NOTICE

**If you unsubscribe from the Board’s email list please be aware you will no longer receive any updates regarding licensure and you agree to check the Board website at least quarterly for updates and to renew each August without receiving a notice from the Board.**
