COMPLAINT INFORMATION AND PROCESS

The Alabama State Board of Chiropractic Examiners (ASBCE) is sending the enclosed in response to your request regarding submission of a complaint against a doctor of chiropractic.

The ASBCE is a State Board created by the Alabama legislature to regulate and enforce the practice of chiropractic in the State of Alabama pursuant to statute and rules. The statute is known as The Alabama Chiropractic Practice Act (Act). The Act allows the Board to adopt rules to enforce the provision of the Act.

Upon receipt of a complaint against any individual licensed by the Board, the following process takes place.

Step 1:

The ASBCE receives a written complaint and other related documents. The complaint will not be processed unless the Complaint Form and all other related documents are fully completed and signed.

Step 2:

The ASBCE will acknowledge receipt of the complaint by letter and request the complainant to complete and sign any other documents necessary to investigate the complaint.

Step 3:

The office of the ASBCE will request, utilizing signed releases and authorizations, and necessary documents and records.

Step 4:

Depending on the nature and circumstances of the complaint, the complainant or other individuals may be interviewed by the Board or its duly authorized agents or representatives.

Step 5:

The complaint and all documents and information obtained are then assigned to a probable cause committee consisting of two chiropractic members of the ASBCE. The probable cause committee then determines whether probable cause exists to support a violation of any of the provision of the Act or Board Rule. If there is a determination of no probable cause, the complainant and the chiropractor is so notified. If there is a determination that probable cause exists, the administrative disciplinary process is, instituted which includes, among other things, a notice of charges and hearing before the Board.

Step 6:

At the conclusion of the hearing, the Board renders a decision. If there is a determination of guilt, the Board has disciplinary options including revocation, suspension or probation of the chiropractic license, fines and / or the imposition of costs.

Step 7:

The ASBCE strives to complete the complaint process as expeditiously as possible; however, for a variety of reasons, it is not uncommon for the complaint process to take a considerable amount of time.
